

The first of these is the fact that the world is not a uniform whole, but a collection of diverse and often conflicting interests. The second is that the world is not a static entity, but a dynamic one, constantly changing and evolving. The third is that the world is not a simple, linear progression, but a complex, non-linear one, with many paths and many outcomes. The fourth is that the world is not a single, unified entity, but a collection of many different entities, each with its own unique characteristics and interests. The fifth is that the world is not a simple, linear progression, but a complex, non-linear one, with many paths and many outcomes. The sixth is that the world is not a single, unified entity, but a collection of many different entities, each with its own unique characteristics and interests. The seventh is that the world is not a simple, linear progression, but a complex, non-linear one, with many paths and many outcomes. The eighth is that the world is not a single, unified entity, but a collection of many different entities, each with its own unique characteristics and interests. The ninth is that the world is not a simple, linear progression, but a complex, non-linear one, with many paths and many outcomes. The tenth is that the world is not a single, unified entity, but a collection of many different entities, each with its own unique characteristics and interests.

## REKAPITULACIJA

Rjohei Arisu je zalutao u Ničiju zemlju u kojoj mora da pobedi u igrama kako bi preživeo.

Prošlo je nekoliko dana od igre na plaži, a Arisu i drugi učesnici polako dolaze sebi. Međutim, brine ih početak nove igre.

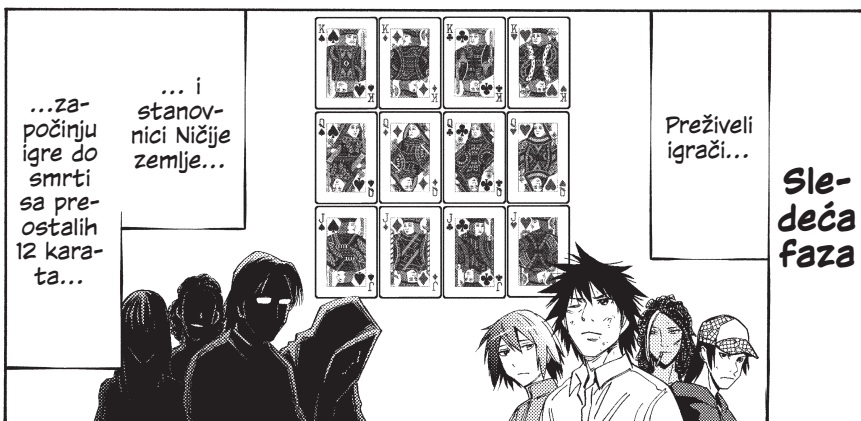

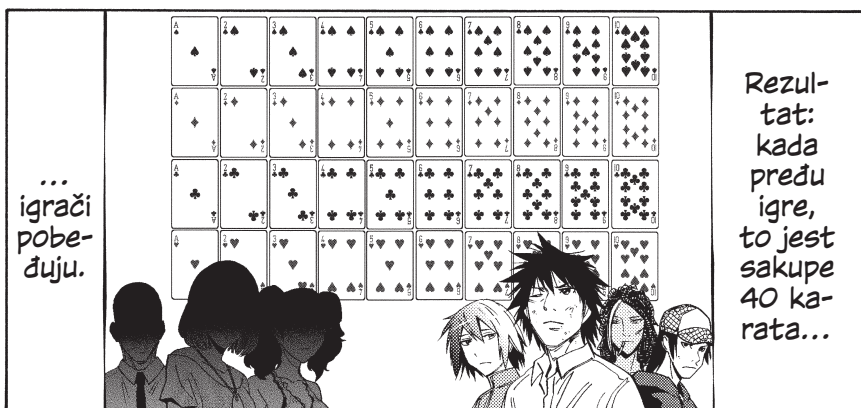

Odjednom će početi vatromet. Četvoro predstavnika stanovnika Ničije zemlje emitovaće hitnu konferenciju za štampu i obavestiće o sledećim igrama. Kralj tref započinje nemilosrdnu pucnjavu, samim tim i igru koja predstavlja sledeću fazu u kojoj će Arisu i ostali ljudi morati da učestvuju, hteli to ili ne. Izbeći će metke i konačno stići u arenu za igru Kralja tref.

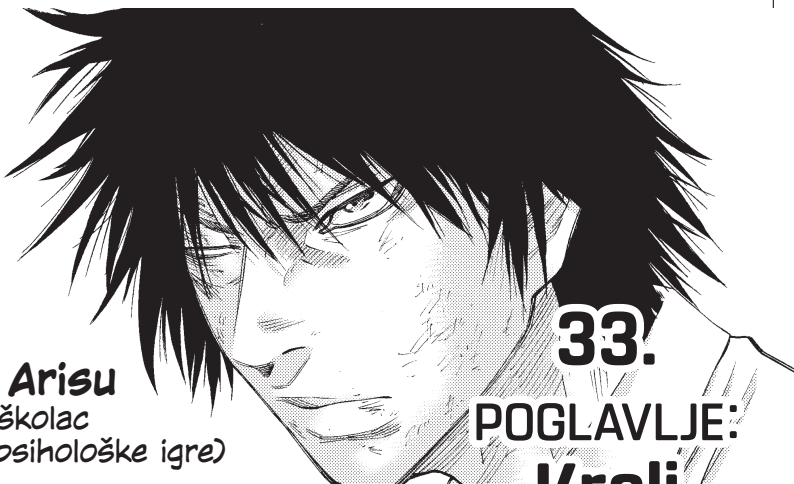

Faliće im još jedan učesnik, a onda će se pojaviti neko koga nisu očekivali!
